Niagara River Greenway Commission
c/o Robert Kresse, Commission Chairman
Beaver Island State Park
2136 West Oakfield Road
Grand Island, NY 14072

Dear Commissioners:

This letter acknowledges that Wild Ones national is aware of the application "Regional Economic Growth Through Ecological Restoration of the Niagra Gorge Rim" as submitted by the Niagara Falls and River Region Chapter of Wild Ones and that it does not object to the submission.

The study appears to be consistent with the goals of the Commission. Wild Ones national and our Niagara Falls and River Region Chapter look forward to working with the EDR consultants, New York State Parks, the New York Power Authority, Niagara Falls and all other entities and municipalities located within the core focus area of the Niagara River Greenway.

Please do not hesitate to contact us if you are in need of information relative to the Wild Ones: Native Plants, Natural Landscapes Ltd organization.

Yours with nature,

Carol Andrews, President

Wild Ones: Native Plants, Natural Landscapes promotes environmentally sound landscaping practices to preserve biodiversity through the preservation, restoration and establishment of native plant communities. Wild Ones is a not-for-profit environmental education and advocacy organization.
